WHAT?

Welsh Mountain Health Centers' 6th annual "Spring Sing" is a \$50 per person gala dinner centered around a singing competition where fifteen of the area's best singers compete for a top prize of \$1,000. The 250+ audience and a panel of local celebrity judges cast their votes to choose a grand prize winner and two runners-up over the course of two rounds of performances. Contestants are selected from regional performers during February auditions.

WHY?

Last year, Welsh Mountain provided **\$4,721,116** in medical and dental care to **8,095 patients**. Of that, **\$2,210,374 was in uncompensated care** which Welsh Mountain must make up in grants and fundraising.

WHO BENEFITS?

While there is a 32% poverty level in Welsh Mountain's service area, 55% of patients fall below the federal poverty guidelines. As if high poverty levels aren't a great enough barrier to care, the area is federally designated as a Health Professional Shortage Area (HPSA), a Medically Underserved Area (MUA), and a Dental Health Professional Shortage Area (DHPSA). Without Welsh Mountain, families who can least afford medical care would have to go to the added expense of traveling outside the area, or most likely go without care altogether.

MISSION

Welsh Mountain Health Centers provides quality, family-centered health services to all members of the community, especially those who encounter barriers to care.
